Role Deffilement for Internship of B.Ed. Students

Role of college Principal

Principal of the collage will allot two staff for this internship program. He/she will organize a meeting with the two staff to gather information about the student teachers and their place of origin so that they can decide on where each student can go for their internship. The principal will provide letter for seeking permission from the chief education officer to get permission for selected schools. He/she will check with the pedagogy teacher if the student teacher has completed the 16-week internship program without any issues. He/she will check if the pedagogy teacher is regularly visiting the student teachers at their internship school. He/she will provide necessary support if required at any time.

Role of Teacher Educator

The teacher will provide practice of micro teaching. They will divide the student teachers in small groups and teach the specific skill need for the internship Dr. Parinita Ratnaparkhi and Mr. Surmal Narve will arrange a demonstration class which will be conducted by our college staff where they will demonstrate how to write lesson plan. Based on allotted classes to the student teachers they will ask them to prepare 20 lessons in Pedagogy I and Pedagogy II respectively with proper teaching aids and materials. The college staff will correct each lesson created by the student teacher. The corrected lessons are written in the record note book by the student teachers which will be verified and authenticated by the college staff. Only after this the student teachers will be allowed to go to the school. Pedagogy teachers will visit the schools to monitor their student's performance in teaching. Each pedagogy teachers will note down the performance of their student teacher in the provided score sheet under each skill set accordingly. In-charge teachers will visit the schools randomly for inspection and will provide guidance if required.

Role of Student teachers

1. They have to prepare 20 lesson plan each for Pedagogy I and Pedagogy II with related teaching aids and get signature from their pedagogy teachers.
2. Proper dress code and etiquette should be followed by the student teachers before going to the schools.
3. The student teacher should be punctual while attending the schools assigned to them. They should be assembled at the schools before the prayer bell rung.
4. They should mark their presence in the school office both morning and afternoon daily.
5. During the 16 weeks the student teacher should complete the 20 +20 lesson hours for Pedagogy I and Pedagogy II respectively with proper teaching aids.
6. They have to take additional responsibility if given by the school staffs with proper teaching aids and materials.
7. They have to involve themselves in any functions or cultural programs organized by the schools if their involvement is required.
8. They are not supposed to take any level during the 16-week internship. For any unavoidable situation they should get prior permission from the college principal or in charge teacher and school head misters.

They should maintain their discipline during the entire internship and make the college proud.
