

TRAINING PROGRAMME (COMMUNICATION SKILLS DEVELOPMENT PROGRAM)

IMPORTANCE OF ATTITUDE AND MOTIVATION OF TEACHER IN 21ST CENTURY

Program on "Importance of Attitude and Motivation of Teacher in 21st Century" was organized by GBYSSM on 02-11-2017 to 03-11-2017. 21st century education requires teachers to be able to understand the 21st century skill and apply them in daily classroom practice. Although necessary for teacher, research on investigating the teachers perceived attitudes towards the implementation of the 21st century skill for teaching. The 21st century is marked by a hundred years of transparency or globalization, which vary from the way of life in the previous century. It is said that the 21st century is a century that asks for qualifying all human endeavours and work. Naturally the 21st century demands quality human resources.

Resource person for the workshop, Gajanan Sir mentioned the importance by referring to the teacher contributions and preparedness, it is necessary to examine teacher's attitudes towards the skill of 21st century. The teacher's attitude towards 21st century skill is a crucial thing. He shared with the students that knowledge is not enough, if it is not followed by a positive attitude to implement them. If the teachers only understand the conceptual knowledge without showing a right attitude to apply it to their students, then the students will not have the skills of 21st century education. It will affect their life skill to live in the 21st century era as teacher and Teacher Educators. Dr. Surendra Kumar Tiwari also shared his views with the students of B.Ed. and M.Ed. All the staff were present in the program and enriched the students on the topic of importance.
